About Me

Senior Product Designer with 10+ years of experience designing B2B and B2C digital products across enterprise AI, fintech, and SaaS. Specializing in AI-powered experiences, agentic workflows, LLM products, and complex enterprise platforms, with a strong focus on simplifying complexity and translating emerging technologies into intuitive, scalable experiences that create meaningful user and business impact.

Experience

Product Designer @ Kore.AI Software India Pvt Ltd.

From Dec 5th 2022 to Present

Design AI-powered enterprise experiences across AI agents, workflows, conversational AI models, AI Search, memory, personalization, knowledge, and file interactions. Partner with Product and Engineering to translate complex AI and LLM capabilities into scalable, intuitive, and enterprise-ready user experiences.

Senior UI/UX Designer @ Zaggle Prepaid Ocean Services.

From Dec 2020 to Nov 2022

Led end-to-end product design for enterprise fintech and payment products, spanning research, UX strategy, interaction design, and visual design. Designed payment, prepaid card, wallet, expense management, and employee benefits experiences, partnering with Product, Engineering, banks, and payment partners to build scalable solutions supporting 1M+ users across 1,000+ companies.

Senior UI/UX Designer @ Telebu Communications LLP.

From Nov 2017 to Oct 2020

Led a team of eight designers across research, wireframing, prototyping, and UI design for TelebuPing, Tabiib, and Wanasa Time, and contributed to the SMSCountry-to-Telebu rebrand.

UI Designer @ INDIA APPS PVT LTD.

From May 2016 to Oct 2017

Designed web and mobile products from wireframes to final UI, working with developers to ship intuitive experiences.
